### THREE RAILROAD MEN KILLED.

Switch Engine Jumps the Track at Birmingham, Ala.

Birmingham, Ala., Oct. 2.—A switch engine in the yards of the Louisville and Nashville railroad jumped the track at an early hour Sunday morning and two men were instantly killed and a third died in the hospital a few hours later. The dead are: T. P. Bibb, Joseph Aaron and L. M. Glass.

They were standing on the front board of the switch engine, which was going at a high rate of speed, when suddenly the front wheels jumped the track. The front of the engine struck two cabooses on an adjacent track and rolled over on its side. The bodies of the men were terribly mangled.

Engineer C. H. Rosser jumped and was uninjured. The fireman, Silas Gray, also jumped and sustained a badly sprained ankle.

### BANDSTAND COLLAPSES.

Three Musicians Badly Hurt and Several Others Slightly Hurt.

Lawrence, Mass., Oct. 2.—Three members of the Banda Roma of Boston were seriously hurt, while nearly every other member of the band was cut and bruised by the collapse of a bandstand here Sunday night. The most seriously injured are:

Pietro Desere, Noel Rossi and Enrico Laiot, each of whom suffered the fracture of a leg.

The accident was caused by the breaking of one of the supporting posts of the bandstand, allowing the structure to fall and precipitating the members of the band to the ground, ten feet below.

### HEAVY LOSS FROM FIRE.

Two Hundred Thousand Dollars' Worth of Property Destroyed.

Pittsburg, Oct. 2.—Fire Sunday night damaged the Mackintosh-Hemphill company, or Fort Pitt foundry, as it is better known, to the extent of about \$200,000, fully covered by insurance.

The valuable patterns destroyed represented the accumulation of thirty years, but while the company will be hampered considerably in its work there will be no shutdown of the plant.

## LOW FEVER REPORT

LIST OF NEW CASES AT NEW ORLEANS IS GROWING STEADILY SMALLER.

### OFFICIALS ARE ENCOURAGED

YELLOW FEVER SITUATION IN PENSACOLA, FLA. SHOWING IMPROVEMENT.

New Orleans, Oct. 2.—Following is the official yellow fever report up to 6 p. m. Sunday:

New cases, 23; total cases to date, 3,023; deaths, 3; total deaths, 391; new sub-foci, 4; cases under treatment, 227; cases discharged, 2,405.

The Sunday report would have been the lowest one on record, but for the report of a nest of infection in another convent and asylum, the attending physician reporting six cases among the girls in the Mount Carmel institute asylum on Pierre street. There have been several cases at Mount Carmel convent on St. Claude street, and as these two institutions are closely allied, it is very likely the infection was transmitted from one to the other. The Algiers side turned up two cases. Among the deaths is Sister Mary Edith of the convent of Perpetual Adoration on Marais street. She was only eighteen years old and had but recently taken her vows. The total number of cases under treatment in the city is only 227, which is the best evidence of the fight against the epidemic.

The following country reports were received Sunday:

Kenner, 1 new case, 2 deaths; Mandeville, 1 new case; Tallulah and vicinity, 13 new cases.

### FEVER SITUATION IN FLORIDA.

Health Officials Greatly Encouraged by Latest Reports.

Pensacola, Fla., Oct. 2.—The official yellow fever summary Sunday night is as follows: New cases, 5; total cases to date, 158; deaths, none; total deaths, 26; cases discharged, 53; cases under treatment, 79.

The health officials are greatly encouraged over the small number of new cases reported Sunday and the situation is entirely satisfactory.

### Yellow Fever in Mississippi.

Jackson, Miss., Oct. 2.—The Mississippi yellow fever summary Sunday night is as follows: Vicksburg, 5 new cases; Natchez, 5 new cases; Scranton, 8 new cases; Gulfport, 1 new case, 1 death; Mississippi City, 6 new cases; Hamburg, 2 new cases, 1 death; Rosetta, 2 new cases, 3 suspicious cases; Handsborough, 1 new case.

### OF INCENDIARY ORIGIN.

Fire in Storehouse at Hiroshima, Japan, Causes Heavy Loss.

Tokio, Oct. 2.—A fire that broke out in an army storehouse at Hiroshima at 10 o'clock Sunday morning, burned for more than three hours and destroyed twenty temporary buildings, together with their contents, consisting principally of provisions and clothing. The cause of the fire is being investigated. A portion of the clothing was removed from a storehouse before the fire started.

There was no loss of life.

A later telegram from Hiroshima said that the fire was still burning at 1 o'clock Sunday afternoon. In addition to the twenty buildings containing clothes and provisions seven others filled with fodder were destroyed. Although the buildings were constructed of light material they contained an enormous amount of store goods. The structures being of an inflammable nature the flames were difficult to extinguish, despite the desperate efforts of the troops. The fire was discovered at 10 o'clock and spread with great rapidity. It was probably of incendiary origin. The loss is variously estimated at from \$2,000,000 to \$5,000,000.

### KILLS HIS SON AND HIMSELF.

St. Louis Man Ends Both of Their Lives With Poison.

St. Louis, Oct. 2.—Herbert McCartney, forty years of age, committed suicide by taking poison Sunday after administering a fatal dose of the drug to his seven-year-old son, Leon. Despondency over being separated from his wife is the only reason given.

### May Be Burned at the Stake.

Edna, Tex., Oct. 2.—A party just arrived in town from the Allen pasture, where the negro Monk Gibson was located Sunday, reports that several possums which are in hot pursuit are on the scene and his capture and burning at the stake are expected to occur soon.

### HAY STOOD BY LOOMIS.

Did Not Approve Censure of Assistant Secretary of State.

Washington, Oct. 2.—In correspondence between President Roosevelt and Assistant Secretary of State Loomis, made public here Sunday night, the president says that Secretary Hay disagreed with him on "even mild censure" of Mr. Loomis in the Taft report of the investigation of the charges brought by Mr. Bowen, the former minister to Venezuela, and adds that Secretary Hay very strongly condemned Mr. Bowen's course. The president quotes Mr. Hay as declaring that most of the charges were really against himself (Mr. Hay) and "not against Mr. Loomis at all," and that Mr. Bowen knew that. The statement covers correspondence between President Roosevelt and Mr. Loomis, the letter having written to the president to find out if certain statements in prominent daily papers were true. These newspaper articles, from some of which Mr. Loomis quoted, intimated that Mr. Hay was very anxious to have Mr. Loomis dismissed after the Bowen-Loomis affair, but that the president could not be brought to see matters from Mr. Hay's point of view. Mr. Hay was also alleged to have disliked and distrusted Mr. Loomis. However, Mr. Loomis claimed in his letter that Mr. Hay was always kind and courteous to him and expressed regret when Mr. Loomis said he was going to resign. Mr. Hay, according to Mr. Loomis, was disgusted beyond expression with Mr. Bowen; that vanity appeared to be a disease with him; that he was both disloyal and untruthful and had been treacherous to both Mr. Hay and to his country.

President Roosevelt, in his reply, most emphatically states that the newspaper statements are unfounded in fact and the direct reverse of the truth. Mr. Hay, says the president, used even stronger terms to him in denouncing Mr. Bowen than he did in talking to Mr. Loomis on the subject, and that Mr. Hay said he disagreed with both Mr. Taft and the president on the mild censure of Mr. Loomis in Mr. Taft's report, saying he felt Mr. Loomis was in no way whatever censurable and that the only action that had been called for was the dismissal of Mr. Bowen and the announcement of Mr. Loomis' entire vindication.

### MYSTERIOUS SHOOTING AFFRAY.

Polander Mortally Wounded by a Stranger at Buffalo.

Buffalo, N. Y., Oct. 2.—Louis Lubynski, a Pole, was shot and mortally wounded Sunday. The police are looking for another Pole, known to his fellow workmen as Peter Kelly. The affair is surrounded with much mystery, but it is thought it was the work of some secret society. Saturday, it has been learned, a relative warned Kubynski that he would be shot on Sunday and advised him to leave town. "It would do no good," Kubynski is said to have replied, "they will get me wherever I go." Sunday a Pole whose identity has not been clearly established, called at Kubynski's home. When Kubynski came to the door the stranger drew a revolver and shot him through the abdomen. Kubynski refuses to give any information to the police.

Czolosz, the assassin of President McKinley, lived for a time in the Polish settlement where Sunday's shooting occurred.

### ELECTIONS IN SWEDEN.

Not Affected by the Dissolution of the Union Question.

Stockholm, Oct. 2.—Elections for members of the second chamber of the riksdag, which were held during September, have just been concluded. The question of the dissolution of the union of Norway and Sweden exercised little influence during the campaign, the predominant factors being the extension of the franchise, and the adoption of proportional representation. The result shows a decided majority against the latter issue, indicating that there will be another deadlock in the riksdag, as the first chamber stands committed to the proportional system. The members of the Left have a small majority in the new chamber. The Socialists hold fourteen seats, having gained several.

### JOB PRINTERS ON STRIKE.

Seven Hundred Men Quit Work in the Twin Cities.

St. Paul, Oct. 2.—About 700 union job printers went on strike in the Twin Cities Monday morning to enforce their demand for an eight-hour working day. Many of the offices affected, the proprietors of which belong to the United Typothetae of America, practically locked out their printers Saturday night. The struggle promises to be a long one, and both sides seem confident of success.

## FORCED TO GO ASHORE

MARTINIQUE LABORERS DRIVEN

ASHORE AT COLON BY POLICE OFFICERS.

## DID NOT WANT TO WORK

SEVERAL OF THE RECALCITRANT

WORKMEN SEVERELY INJURED IN FIGHT.

Colon, Oct. 2.—Six hundred laborers from Martinique brought here Friday on the French steamer Versailles under contract to work on the canal, refused to disembark or to submit to vaccination, which is imperative under the American sanitary regulations. They clamored to be taken back to Martinique, asserting that they had been misinformed as to the conditions here before they embarked, and that later they learned these conditions were intolerable and deadly.

Saturday morning, however, 500 of them were with difficulty persuaded to land and these were sent to points along the line of the canal. One hundred and fifty remained on board and declined to leave the ship under any consideration. These were forcibly ejected from the vessel Sunday afternoon by Panamanian and canal zone policemen, but not until nearly every one of them had been clubbed and several were bleeding from nasty wounds. All of Saturday and Sunday night the Versailles was guarded by Panamanian policemen.

Early Sunday morning the French consul at Colon, M. Bonhenry, appealed to the men to listen to reason, explaining that they had left Martinique under contract with the canal zone emigration agent guaranteeing the payment of their passage here and that while working on the canal they would have, in addition to their wages the guarantee of free quarters and free medical attendance. The men, however, were not amenable to this reasoning. Notwithstanding the efforts of the consul and of the Panamanian and American officials and despite the information given them by several of their countrymen that health and other conditions on the isthmus were satisfactory and that the terms of their employment would enable them to save money, they persistently refused to leave the ship, baring their breasts and invoking death in preference to going ashore.

### Workmen Were Penniless.

The captain of the Versailles told the men that he was ready to take back to Martinique all those who were able to pay their passage, but the men said the French government would reimburse the steamship company and that they themselves were penniless.

Before noon, at the instance of M. Raven, the agent of the company, and a French consul, a squad of twelve

police went on board the vessel and told the men that force would be used if they persisted in their refusal to disembark. Seeing that the police were armed with bayonets and guns, the men again bared their breasts and said they preferred death rather than be taken ashore. Governor Melendez, Mayor Aldron, the chief of police and others argued with the men, but again with effect.

Ten additional policemen arrived but the governor, wishing to avoid bloodshed and considering that the police force was insufficient, telegraphed to President Amador, asking permission to use the canal zone police, to which the president consented. Meantime twelve policemen from the zone arrived at the dock and were being held in readiness.

The laborers were informed that they would be given two hours to reconsider their decision, and at the end of that time three of them consented to disembark, the others still holding out. Then the Panamanian police, armed with clubs, approached the laborers and on their refusing to quit the ship began to club them right and left.

The zone police a few minutes later assisted in the clubbing, but with better judgment and less indiscriminate. About fifty of the laborers leaped into the sea. The captain lowered a boat, which picked them up. Nearly every man had received blows and several of them were bleeding from ugly wounds.

Seeing that resistance was useless, the men yielded, came ashore and began to eat the food which had been placed on the dock in sight of them for several hours. Many of them had not eaten since Saturday. At 5 o'clock all the laborers, who were in a pitiable condition, were placed on board a train which left for Corozal, where they will be put to work.

### THREE ITALIANS SHOT.

Fight With Police Follows Shooting Affray.

New York, Oct. 2.—Three Italians were shot and seriously wounded in a fight in a tenement house in Oliver street Sunday night, the culmination of a merry party that had been going on since early in the evening. Immediately following the shooting there was a brisk battle between policemen and a number of Italians who had participated in the affray and Policeman John Reilly was twice stabbed in the shoulder, while two detectives were knocked down and beaten. Half a dozen policemen finally forced their way into the room where the shooting had taken place and succeeded in arresting Diast Zappeta, who is alleged to have emptied a revolver into the crowd, after one of the number had slashed him across the face with a razor.

### FERRYBOAT RUNS DOWN SKIFF.

St. Louis Man Drowned in the River at Dubuque, Ia.

Dubuque, Ia., Oct. 2.—A small skiff having on board G. W. Carter of St. Louis and Joe Dreffuss, a newspaper solicitor, T. A. Danaher of Dorchester, Ia., and L. U. Winslow of Charles City, Ia., was run down by the ferryboat Eleanor at dusk Sunday night. Carter was drowned. Dreffuss went under the ferryboat, but was rescued by two young men in a canoe. The other two men had narrow escapes.

### WELCOMED WITH CHEERS.

President Roosevelt Warmly Greeted at Washington.

Washington, Oct. 2.—"It was awfully good of them to come out and greet me so warmly. I was very much touched," was the comment of President Roosevelt as he alighted from his carriage at the White House upon his return from his vacation at his summer home at Oyster Bay. The reception of the president and his family in honor of his achievement in bringing about peace between Russia and Japan was really a flattering one. It was entirely informal and consisted merely of a large portion of the population turning out on Pennsylvania avenue to give him a hearty welcome, there being no music, parade or speechmaking.

The city was decorated with the national colors. There was a large crowd of officials at the railroad station to greet the president. After the greetings at the station the president, accompanied by Mrs. Roosevelt and Quentin, entered his private carriage and was driven slowly to the White House. There was a continuous ovation from the time he turned into Pennsylvania avenue until his carriage entered the grounds surrounding the White House.

### COMPLETES ITS LABORS.

Milwaukee Grand Jury Returns Its Last Batch of Indictments.

Milwaukee, Oct. 2.—The grand jury of Milwaukee county, which has been in session since June 22, barring three weeks' vacation, has completed its investigation of alleged graft and corruption in county affairs and reported to Judge Brazee in the municipal court.

The number of indictments returned in the final sitting was twenty-four, involving four persons, as follows: Cornelius L. Corcoran, president of the common council, twenty counts.

Fred C. Klondke, president of a local furniture company, one indictment. William Murphy, former alderman, two indictments.

At the suggestion of District Attorney McGovern, capias are being made out and will be served as soon as possible.

Mayor Rose, who defied the grand jury to find basis for an indictment against him, escaped indictment entirely. So also did City Attorney Runge.

### STEAMER HITS A MINE.

Fifteen Persons on Board the Vessel Drowned.

Chefoo, Oct. 2.—The coasting steamer Hsiesho, plying between Shanghai and Tientsin, struck and was totally destroyed by a mine ninety miles south of the Shantung promontory Saturday morning. Fifteen persons on board the vessel were drowned, included among them being Engineers Mauchan and Muir. The foreign passengers and a portion of the crew of the Hsiesho were rescued by two passing steamers.

### Two Brothers Drowned.

Washington, Oct. 2.—Two boys, Percy Dudley, aged ten years, and George Dudley, sixteen years of age, brothers, were drowned in the Potomac river Sunday.

THE editor of the Prison Mirror says a new form of kissing, a decided improvement over the old way, has been adopted in the east, but as he is from Missouri they have got to show him.

THE Stillwater Gazette remarks that while that city has not an up-to-date hotel they have an opera house building and one of the best jails in the country. That ought to help some, for good jail accommodations are not to be sneezed at in these days of graft and investigation.

THE Cass Lake Voice says that if State Senator Brower should conclude to drop the congressional fight and enter the gubernatorial game it would be a very easy matter to give him the delegation from the whole of the sixth congressional district. Any candidate going into the convention with one congressional district behind him would have a very fair chance of being nominated.

THE use of the mails for pictorial and souvenir cards has become so extensive that it has extended the comic valentine season over the entire year, and among those sent are many that come under the ban of the postal department and to such an extent that postmasters have been instructed to bar from the mails every card that bears a picture or language that is indecent, obscene or suggestive. These cards are usually mailed anonymously and the department proposes to see that they never reach their destination.

RECENTLY an order was issued by the department that all rural mail boxes should be numbered, beginning at No. 1 on each route, and that mail addressed to the box number should be delivered regardless of the name. Since the first order was issued instructions have been sent to all postmasters informing them that the latter part of the order has been revoked and that while the boxes are to be numbered mail is not to be delivered to the boxes when addressed to the number only. To the general public the matter seems to have been brought about by the catalogue houses in order that they might get their literature into the homes of the farmers without even knowing who they were sending it to.

WE rack our brains to find industries which can profitably be located in the northwest, and we neglect one class which might be made to grow to tremendous proportions, remarks the Grand Forks Herald. What is the matter with pickles? We do not raise fruit enough to supply preserving factories, but we do raise everything in the way of vegetable products which can be raised on a scale unknown elsewhere. Just think of the list—green peas, string beans, green corn, asparagus, celery, beets, cucumbers, onions and a score of others which will occur to anyone who is familiar with gardening. All of these things find their way into cans, and there is no reason why we can not can them right here as well as the people of any other locality. And one beauty about such an industry is that it can be started in a small way, on limited capital, and added to as an occasion demands.

## ONLY ONE.

The Record in Brainerd Is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Brainerd citizens testify to this. Here is a case of it:

James Parker, carpenter, of 124 N. E. 2nd Ave., Brainerd, Minn., says: "Every winter since I had the grippe I was unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always over the same spot, even when lying in bed. I was always troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills and used them. Since then I have been in much better health, have no more attacks of headache, no more backache and I regard it as quite wonderful that any remedy could bring about such a change."

On October 18, 1904, six years after Mr. Parker made the above statement, the testimony was confirmed by Mrs. Parker, she said: "Mr. Parker's statement was true in every particular, and we both feel that Doan's Kidney Pills can be relied upon to cure every form of kidney trouble. We are always glad to advise sufferers to go to H. P. Dunn & Co.'s drug store for Doan's Kidney Pills and give them a trial."

## HATRED OF RICH "A MENACE"

Nebraska University's Head Says a Good Word For Promoters.

Chancellor E. Benjamin Andrews of the University of Nebraska declared at Lincoln, Neb., the other day that the popular hostility toward persons of wealth was one of the most dangerous signs of the times, says a Lincoln special dispatch to the Chicago Tribune. In his address, which was to the students, he complimented the men who had amassed great fortunes and were using them intelligently. At the same time he declared the protests of those who had been caught through the machinations of "bad" promoters have no right to play the "baby" when it is all over.

Chancellor Andrews, as a member of the commission which will dispense the \$10,000,000 gift of John D. Rockefeller for educational purposes, has recently been making a study of the questions involved in his address.

"Current rage against promoters is in greater measure simply part and parcel of the popular hostility felt against all the wealthy," said the chancellor. "This hatred, so deep, so widespread, so intense, even to savagery, so unreasoning and so relentless, I deem the most dangerous sign of our times."

"If the mob alone felt it this brutish antipathy would be less appalling, but it has sympathy and support in all classes, even the rich themselves. Hardly a newspaper in the land but frequently gives it voice. Pulpits are equally intemperate. The pity is that this gnashing of teeth goes on against the rich as such, without the least discrimination between good and good for nothing."

"While we cannot too vehemently reprehend dishonest promoting and underwriting and while laws and public opinion should be used to the utmost toward suppressing these dark practices, people must, after all, in the last analysis depend on themselves, their own insight, common sense and sagacity to prevent being plucked by cornerants of these classes."

"After the lessons of past years adults who lose by being drawn into unseaworthy schemes should be ashamed to plead the baby act."

## STRAWBERRIES EACH MONTH

Jersey Grower Says He Can Produce Fresh Fruit All the Year.

Fresh strawberries each month in the year from the same plant is the latest wonder produced by Henry Jordan, the Hilton (N. J.) strawberry grower, says an Orange (N. J.) dispatch to the New York Tribune. Mr. Jordan, who recently returned from California, where he compared notes with Burbank, the plant wizard, says his new monthly bearing plant is practical and may be successfully cultivated by anyone.

The ultimate result will be to place fresh strawberries on the table at Christmas as well as in June, all from the same plant. It was because he wanted a certain hardy strawberry plant to cross with his present plant that he spent the summer in the west and journeyed 2,000 miles north of Seattle. It was in this chilly climate that Mr. Jordan found the plant he sought.

## About Quality in Furs.

It is impossible successfully to build up and maintain a good business unless the strictest attention is paid to the quality of the line. While this is true of nearly every kind of business, it is of the greatest importance in the fur business. In the purchase of furs, as well as jewels, the public not being able to judge values is dependent upon the honesty of the dealer, and is gradually becoming aware of the fact that paradoxical as it may seem, cheap furs are actually the most expensive because they give no service. We sell only such furs as can be conscientiously recommended for the wear and durability. See our Mr. Kraywitz with our line of fine furs at the City Hotel, Oct. 5 and 6, two days only. You are welcome to inspect our furs whether you intend to buy or not. Leo Zekman, Furrier, 86, South Seventh Street, Minneapolis, Minn.

## TRAINS IN COLLISION

ONE PERSON KILLED AND MANY OTHERS ARE HURT IN WRECK AT ST. PAUL.

## INJURIES MAY PROVE FATAL

SEVERAL VICTIMS OF THE DISASTER MAY NOT SURVIVE THEIR WOUNDS.

St. Paul, Oct. 2.—A Chicago Great Western stock train running about twenty miles an hour as it was going through the St. Paul railroad yards at 9:30 Sunday morning struck the middle of a Soo Line passenger train which had just left the union station and hurled two Pullman sleepers over a retaining wall to the bottom of a gully twenty feet below. One sleeper landed bottom side up and the other fell on its side. Both cars were badly wrecked. One woman was so badly injured that she died in St. Joseph's hospital shortly after being taken there and nine others were seriously injured, while a score or more persons were less badly hurt.

The Soo train had arrived from Montreal thirty minutes late and was bound for Minneapolis, running, so witnesses say, about thirty miles an hour. As it neared Fourth street the track on which it was running leads to an inside double track. Here the engineer of the Soo train sighted the Great Western cattle train going for the South St. Paul stock yards and heading for a split switch which connects the outside and inside tracks. The engineer of the Great Western train whistled for brakes, showing that his air brakes were not working and as a warning to the Soo train, but it evidently was not heard, as the Soo train failed to slacken speed.

## Got Safely Across the Switch.

The engine and first sleeper of the Soo train got safely across the switch but the second and third sleeper were hit. The end of the fourth sleeper was partially wrecked.

The dead woman is Mrs. Clara N. Cross of Minneapolis.

The seriously injured are:

J. P. Wilkinson, aged forty-five, Minneapolis; E. S. Martin, St. Paul; Mrs. Henry Deutsch, Minneapolis; H. S. Manis, Montreal, Can.; Franklin Lyon, aged six, Minneapolis; James Bridoux, Minneapolis.

The other injured include the following:

Mrs. Thompson Hall, William A. Hall, Hal Wilkinson, all of Minneapolis; Frank Martin, Brooklyn; Cyrus Berglund, C. J. Keenan, Miss Crughlin, all of New York.

Of those injured three men and two women are at St. Joseph's hospital. Of these it is feared that two or three may die. Mr. Martin is in a critical condition, his skull being fractured.

About twenty other persons were treated at the union depot by surgeons and nearly all of them were able to go to hotels or continue their journey to Minneapolis, the destination of the train.

## OUT FOR TENNIS HONORS.

Three Sutton Sisters Plan to Sweep the World Next Year.

The three Sutton sisters—May, Florence and Violet—are planning an extensive campaign next year and expect to capture state, national, international and world's tennis championships, says a Los Angeles dispatch. Miss May held the championship of America until she defaulted in the tournament held this year to select a contestant for the world's championship. She now purposes to win back the American championship and also defend her world's championship.

Florence Sutton is recognized as a worthy rival of her more famous sister and has defeated every player on the Pacific coast in contests this season, losing only to her sister after a hard battle a few weeks ago. Miss Violet and Miss Florence have been pitted against each other many times in doubles, and the latter invariably wins. With the three young women playing and eligible for all championship contests they expect to win every medal, honor and championship in 1906 both in the United States and Europe.

## M. Witte's Gift to Secret Service Man.

In appreciation of his services as guard M. Witte, the Russian peace plenipotentiary, recently presented a gold watch and chain to Secret Service Operator Albert Gallaher of Chicago. Gallaher was detailed by the United States government to guard M. Witte at Portsmouth, says the Chicago Examiner. He accompanied the distinguished Russian everywhere from his arrival in New York until his departure for Russia. When Gallaher returned home he found the watch and chain, together with a personal letter from M. Witte expressing his thanks for the courtesies extended to him by the operator while in the United States.

## Two Men Drowned.

St. Joseph, Mo., Oct. 2.—Albert Mesel, aged twenty-one, of Leavenworth, Kan., and R. B. Osborne, aged twenty-three, of St. Joseph, were drowned in Lake Canby Sunday. The men lost an oar while crossing the lake in a boat. In trying to recover the oar the boat was overturned.

WORK AT THE BIG SHAFT  
Still Progresses Satisfactorily—  
New Drill to go in Near  
Klondike

It is reported that a drill will be put down on the Iver Benson place east of Brainerd, some Duluth parties having become interested there. The indications are said to be exceptionally good and there is little doubt but that a shaft will be sunk there.

There will be two more drills working in a few days near Klondike, according to reports, and Brainerd men are interested in one of them.

Work at the big shaft progresses satisfactorily. The men are still in the hard rock resembling iron boulders and do not make the progress that they would in much lighter soil.

HOME BURNED TO GROUND  
Home of Mr. and Mrs. William Wood,  
Sixth Street South, Burned on Satur-  
day Night About 11 O'clock

Fire completely destroyed the home of Mr. and Mrs. William Wood, 1114, Sixth street south Saturday night, the alarm being turned in about 11 o'clock. The loss on the house and contents will reach approximately \$800 and Mr. Wood carried but \$300 which was on the house, there being no insurance on the furniture.

The fire is supposed to have started from a lighted lamp which was standing on a table down stairs. Mrs. Wood was home alone at the time and nearly got caught, but fortunately she awoke just in time to escape. As it was she had to get out of the window in her bedroom upstairs and by tying some bed sheets to the post of the bed let herself down. She fell backward when she jumped and was slightly injured on the back of the head. It was a very narrow escape. After she got down she succeeded in getting a few things out of the front of the house, such as rockers, Mr. Wood's valuable gun, etc.

"DUTCH" ROBINSON CRUSOE

L. H. Stallman Left on a Little Island  
Where He Had to Stay for Many  
Long Weary Hours

Yesterday L. H. Stallman, Bert O'Brien and Bert Parker went out to Twin Island to shoot ducks and the fate that befell L. H. Stallman is sad to relate. They were out on the island and Bert O'Brien went out on the lake with a duck boat to scare the ducks out of the rice beds, while Mr. Stallman stood on the shore ready to pepper them. Bert Parker did not go out to the island at all but stayed to take care of the team.

Bert O'Brien's boat got punctured and he had to paddle for shore to save his life. The boat was put out of commission and poor Louis was on the island where he had to stay until his comrades could drive to the city, secure another boat and go back where he was and it was 5 o'clock this morning before he got home. Gus Raymond says this is the first "Dutch" Robinson Crusoe he has ever heard of.

Loss of Sleep Means  
Loss of Mind.

Inability to Sleep is Nature's Plain  
Warning of an Exhausted  
Nervous System.

DR. A. W. CHASE'S NERVE PILLS

When you overwork any muscle or set of muscles they tire and must have rest. What is true of muscle is doubly true of the brain, as from it emanates all power to work, to act, to think. The brain is full of little cells that during the waking hours are never quiet in their efforts to furnish to every organ the power to do its duty. Rob these little cells of their rest at night--keep them at work all the time, and soon they tire, refuse to act, fail to generate nerve force and the system goes to ruin. Bromides, sedatives, opiates only hasten the end--they do not build up, they tear down. The true remedy, the only cure, lies in Dr. A. W. Chase's Nerve Pills, a medicine that revitalizes, reinvigorates, and by properly nourishing these overworked little cells, give them rest and quiet and enables one to sleep naturally and easily again.

Mrs. Fred Wholeben of Glade Run, Warren, Pa., Says:  
"I was induced to use Dr. A. W. Chase's Nerve Pills for excessive nervousness. I was so nervous I could not bear a noise or much talking. I was very forgetful--my mind seemed dull. I was listless and tired all the time. The result of the use of the box I got was remarkable. They toned up the nerves and system generally and I work well again, am strong--my mind is clear and noise and talk no longer bother me. I am much pleased with the pills and can recommend them highly to anyone who feels as I did." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

Aitkin High School Team Defeated Brainerd Saturday Afternoon in a Very Interesting Game of Foot Ball

There was a very interesting game of foot ball at Athletic park on Saturday afternoon between the high school teams of Aitkin and Brainerd, the former winning by the close score of 6 to 0. It was one of the most interesting games ever played on a local field and the members of the high school team of Brainerd, notwithstanding they were outweighed by their opponents, showed unusual prowess and held the Aitkinites down nicely. Cullen, Badeaux and Abear played a star game for Brainerd while Spalding, the big fullback of the Aitkinites, showed unusual ability.

Aitkin won the toss and decided to have Brainerd kick off from the fifty-five yard line. Capt. Abear chose the south goal to defend. The halves were twenty minutes. During the first half neither side scored. The ball was kept in the Brainerd territory nearly all of the time during the first half.

In the second half Aitkin played slightly more aggressive and succeeded in getting the ball over the line. When within a few yards of the line Spalding, after a tandem play, made a series of line rushes and succeeded in getting the ball over. The goal was successfully kicked and this left the score 6 to 0.

There was still considerable time to play and the locals went after the game with a vim, and had there been five minutes more of play they would have made a touch down and perhaps tied the score. Badeaux played a star game in the second half, in one instance alone returning the ball twenty-five yards. Cullen made the best gains against most difficult odds. Abear made a brilliant play around the end and nearly scored a touchdown almost the last thing. Time was called immediately after he was downed.

The game was witnessed by a large crowd and much interest and enthusiasm was shown.

TESTIMONIAL TO GALLAGHER

Rev. G. W. Gallagher Has Evidently Resigned His Pastorate at Lockport, N.

Y. Congregational Church

The following testimonial for Rev. G. W. Gallagher, of Lockport, N. Y., on the event of his resigning from the church is taken from the Lockport Daily Journal:

"At a regular meeting of the First Congregational church called Sept. 27, to consider the resignation of the pastor, Rev. G. W. Gallagher, the following testimonial was unanimously adopted: "In accepting the resignation of our pastor, Rev. G. W. Gallagher, D. D., we wish to express to him, and to place on record, our warm appreciation of his noble qualities of mind and heart, recognizing his faithful and sincere devotion in the ministry, his unvarying Christian charity, and his kind and unstinted ministrations to the sick and the troubled which have very noticeably marked his pastorate.

"We shall not soon forget his careful, convincing and scholarly expositions of the truth on the Sabbath, nor his earnest, practical talks at the mid-week meeting. They have all helped us to a better and holier life.

"He will carry with him to his new pastorate our kindest wishes, while we pray that temporal and spiritual blessings may follow his labors among the people to whom he goes."

STARVING IN BRAINERD

Men and Women who are in Need--

H. P. Dunn & Co.'s Liberal Offer

There are scores of people in Brainerd and vicinity who are starving in the midst of plenty. This is not because they are in need of food, but because they cannot digest the food they eat.

Our leading druggists, H. P. Dunn & Co., makes a liberal offer to all whose stomach is weak and cannot properly digest the food. They have recently received a large supply of Mi-o-na, a remedy for the cure of stomach troubles, and will sell it under an absolute guarantee that it costs nothing unless it cures.

Mi-o-na is an unusual combination of remedies for the stomach and digestive organs that heretofore have been little known in this country. It soothes and heals the irritated mucous membrane of the stomach, stimulates the solar plexus, and strengthens the nervous system.

One little tablet out of a 50 cent box of Mi-o-na before meals, and you can eat what you like and when you like. You will have no more headaches, back-aches, heart-burn or indigestion. Mi-o-na will give you perfect health and strength.

Get a box of the tablets today, with H. P. Dunn & Co.'s guarantee to refund the money if they do not cure.

# WE LENGTHEN LIFE AND CURE DISEASE By Supplying Nature Power

Rev. Henry A. Harbuck

**La Grippe, Indigestion, Liver Trouble, Catarrh, Etc.,**

That Baffled the Most Skilled Physicians. Nutriola Co. Gentlemen: You ask if the cure wrought by NUTRIOLA has been permanent. I am pleased to say that through God's blessing I have enjoyed perfect health since your treatment. I suffered for years from Indigestion, Catarrh and an enlargement of the Liver. I had a severe attack of La Grippe, leaving me a constant sufferer with Insomnia, Headache and extremely nervous. NUTRIOLA made me perfectly well and I have remained so ever since. Gratefully yours, Rev. Henry A. Harbuck

For ages men have tried to cure disease and failed. Instead of helping Nature, they have helped Disease and Death with alcohol and medical poisons—the cemeteries fill fast. Our Chemists commenced working 10 years ago to discover how to HELP Nature. At a cost of \$50,000.00 in cash WE HAVE SUCCEEDED in learning how to make a Chemical-Medical Preparation that SUPPLIES NATURE WITH POWER to drive every MICROBE, every DISEASE GERM, out of the system. We call it

## NUTRIOLA

because it is the very ESSENCE OF LIFE. It feeds, strengthens, and makes the body "NEW ALL OVER." To prevent disease or regain health, Nature must perform four things perfectly: Digest, Assimilate, Eliminate, Construct. Only Perfectly Digested and Assimilated food supplies life. NUTRIOLA digests food naturally and perfectly. Perfect Assimilation follows perfect Digestion. NUTRIOLA makes Red Corpuscles—rich in building material.

NUTRIOLA makes Leucocytes—White Corpuscles—strong and vigorous and they quickly destroy every "germ" and "microbe." They are the only germ destroyers Nature uses in the human body—that's a scientific fact. NUTRIOLA makes the system absorb great draughts of Oxygen through the revitalized lungs and the millions of pores. Oxygen is the fuel of life.

The organs of Excretion eliminate the dead and diseased cells and tissues and Nature builds new cells in their place. NUTRIOLA makes new blood and from the blood Nature makes new brain, nerve, lung, liver, heart, kidney, bone and muscle cells. It's the same natural law that makes plants grow when supplied with chemical nutrition, applied for the first time to the human body in treating disease. The vigor of youth, the power of maturity, the strength of perfect life, courses through your system and you KNOW that Nutriola & Nature has made you "new all over."

Whatever your disease may be

**WE WILL GUARANTEE TO CURE YOU** and we will cure you, or it won't cost you a cent. NUTRIOLA costs you 8 cents a day. Our Staff of Skilled Physicians can make a correct diagnosis of your case, however far you may be away. They have a method and means of doing this that never fail. They tell you just what to do in even the worst cases. Their services are FREE.

\$500,000.00 Capital Stock and 4,000 responsible stockholders back our guarantee. Ask our Bankers if we are reliable. Get NUTRIOLA from your druggist or send directly to us. 25 days' treatment \$2.

DRINKS CARBOLIC ACID.

Alleged Forger Commits Suicide After Being Arrested.

St. Louis, Oct. 2.—While awaiting the arrival of a patrol wagon after his arrest on a forgery charge, Thomas G. Connor, forty years old, Sunday committed suicide by drinking carbolic acid. He died before he could be sent to the city hospital.

Connor was arrested on the charge of passing two worthless checks, aggregating \$150. While being taken to the patrol box Connor resisted the officer and it was with difficulty that the policeman and his prisoner reached the street corner. There Connor, remarking that "you will never take me to the police station alive," suddenly placed his hand in his back pocket. The policeman, thinking he was about to draw a revolver, reached for his own weapon, but Connor only produced a flask, from which he drank the acid.

Taft Arrives in Chicago.

Chicago, Oct. 2.—William H. Taft, secretary of war, and the party he conducted through the far East arrived in Chicago Sunday afternoon and left for Washington Sunday night. During the short stop in this city none of the members of the party left the cars.

## CASE OF DUAL IDENTITY.

Young Man Traveled Hundreds of Miles While Not Himself.

Ernest Bodwell, a Bowdoin college medical student, disappeared from home on Sept. 6 and until Sept. 20 traveled hundreds of miles under another name and finally obtained employment at the Atlas Eyelet factory, Fairhaven, Mass., without realizing what he was doing, says a Brunswick (Me.) dispatch to the New York Tribune.

Bodwell intended to go blackberrying the day he disappeared, and that was the first thing he thought of on coming to his senses in the kitchen of Thomas Brownell's house in Fairhaven the other evening. Instead of going blackberrying he went to the bank and withdrew all his savings, which amounted to \$100.

His subsequent travels are learned from tickets, etc., which he found in his pocket. He first visited Lewiston; then, going to Bangor, he purchased a ticket for Bar Harbor, but did not travel the entire distance, as his ticket was not collected. How he reached New York is not known, but on Sept. 9 he attended the Academy of Music, and the next week he visited Coney Island. From there he went to Fall River, thence to New Bedford, where he deposited \$40 in the bank on Sept. 15, and the next day went to Fairhaven and obtained work, going under the name of Fred Allen of Rochester, N. H.

He can remember absolutely nothing of his travels, his mind being a blank for those two weeks.

## UNCLE SAM'S BIG PARK.

One of the Largest of Forest Reserves Created by the President.

One of the biggest government forest reservations in the world was recently created by President Roosevelt. He signed an executive order the other afternoon by which that part of 465,000 acres of timber land in southwestern Utah not already acquired was taken under the ownership of Uncle Sam.

This vast tract of virgin forest lies largely in Washington and Iron counties and is said to contain some of the finest timber in the United States. Nearly 90 per cent of the new reservation is made up of land already held by the government. The remainder has been condemned and will be paid for out of the treasury funds.

## A Pastor's Shooting Gallery.

Attendants of the Highland Street Church of Christ at Worcester, Mass., were greatly surprised the other day when they learned that their pastor, the Rev. Rolland A. Nichols, intended to build and conduct a shooting gallery in the rear of the parsonage, says a Worcester dispatch to the New York Herald. Dr. Nichols is an oil stock speculator and a gold mine and real estate promoter. In the two years he has been pastor he has surprised his flock many times, but never in quite so startling a manner as by teaching young men the use of firearms. He intends to keep them out of mischief, he says.

TO SAVE ALBERT T. PATRICK.

Final Effort Will Be Made by Former Senator Hill.

Albany, N. Y., Oct. 2.—The final effort to save Albert T. Patrick, condemned to die for the murder of William Marsh Rice, will be made before the state court of appeals during the day. Ex-Senator David B. Hill will address the court in Patrick's behalf in an effort to obtain a reargument of the appeal recently decided against him by the court by a vote of four to three. The motion for reargument will be opposed on behalf of the people by Assistant District Attorney Gans of New York.
